

① Dear Honorable Judge Hummel,

I appreciate you taking the time to read my statement in response to my request for another detention hearing. Although my defense counsel has been doing their best efforts in representing me I felt it was important to have my voice heard for your consideration.

I'm writing this court as a human being, as I feel the one thing we all can agree on is that no human is perfect. For example, I am embarrassed and ashamed of the text messages that were produced to the court. Which I will remind you were the result of venting due to frustrations and stress I was experiencing at that time.

In the government's recent response they stated; I cannot be trusted to control myself. Your honor, I believe in the rule of law and our justice system. So I ask.... does not the last 44 years of my life with no criminal record, no acts of violence reflect the true nature of who I am and my character?

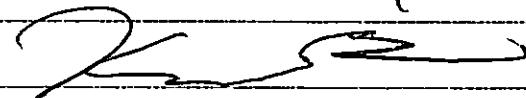

I would say that's one of the most important factors in determining if it's safe in my return to the (Community). I would like to remind the court that the individuals mentioned in the text Correspondence that the government produced I have met on multiple occasions and have fully cooperated with their demands and was cordial while doing so, before and after those messages were exchanged.

I'm a loving father, hardworker and person who gives back to his community as opposed to a person who presents a danger to his community as the government is portraying.

In conclusion I humbly ask you to these points into consideration as you make a decision on my counsel's request. My hope is to be released from detention and comply with whatever restrictions you may impose so that I can get back to being a father to my children, be with my mother in the last days of her life and handle my affairs.

Lastly due to the complex nature and dynamics of my case, I would like a fair chance at aiding and assisting my defense Counsel as currently being detained makes this nearly impossible due to the restrictions of being incarcerated.

I would like to thank you your Honor for taking your time to read this.
(Respectively).
